

Welcome to class kids
Let's start out with this rap biz
This morning's rap will map the track
To facts on the map quiz

And if you're sitting where Matt is,
And your name is Matt,
I've got good news for you dude
Cause there's math in this rap

Add 24 students
Subtract all the bull crap
And talk about how Geo
Effects THEM and recap

So listen Ashley, And Ashley
And Meghan and Michael
Cause Geo's real and it deals
With even your life's cycles

Because you are all visionaries
With different missions you carry
You put the e.x.t.r.a.
In the word extraordinary

You can travel around the world
In 44 million steps
Communicate with 4 billion
Through your phone with a text

Enact environmental policies
That help the oppressed
Create a map of world peace
Between the East and the West

But if you don't understand
The fundamentals of the G-Yo
You may find it very hard
To become what you want to be-yo
